Day: Friday Date: 15/08/2025

**MCKENNA GROUP
PTY LTD**

Vehicle/Trailer: Drake Quad Float		Rego: 044-UBG	MCK Unit No.	Klms: 234,592km	Hours:
-----------------------------------	--	---------------	--------------	-----------------	--------

☐ **A SERVICE CHECKLIST**

☒ **TRUCK (Approx 10,000km - 12,000km)**

Check Fault Repair Log and carry out necessary repairs.	Check brake system for leaks (service and max).
Grease all lubrication points.	Drain condensation from air tanks.
Lift cab/ponnet, grease pivots, check condition and tension of belts.	Check steering joints and linkages.
Check power steering for fluid levels and leaks.	Inspect for any obvious faults in suspension, structure or bodywork.
Check/top up engine oil and coolant level.	Visual check of airbag suspension where fitted.
Check transmission and differential for fluid levels and leaks.	Inspect wheel nuts and wheels for security, tyres for tread and inflation.
Check driveline and universal joints.	Check number plates, all labels for due date condition and security.
Check all lights and reflectors.	Check for visible exhaust emissions and lack of engine power.
Check horn, instruments, gauges, wipers and washers.	Fault #/s Rectified (if Applicable)
Check battery terminals and security.	
Inspect brake lining wear/travel and adjust if required.	

☐ **TRAILER (Approx 6 monthly/annually)**

Grease all lubrication points.	Inspect for any obvious faults in suspension, structure or bodywork.
Inspect brake lining wear/travel and adjust if required.	Visual check of airbag suspension where fitted.
Check all lights and reflectors.	Check number plate, and all labels due date, condition and security.
Check condition of air lines and electrical cable.	Re-torque all "U" bolts and cross members.
Inspect wheel nuts and wheels for security, tyres for tread and inflation.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	

Notes:

Rectify oil leak replace right hand suspension pressure gauge

☐ **B SERVICE CHECKLIST Including items from Checklist A**

☒ **TRUCK (Approx 20,000km)**

All components of "X" Service.	Check wear/movement in plenum arm, drag arm, tie rods and spring shackles.
Change engine oil and filters.	Replace or clean air cleaner as required.
Change fuel filters and bleed and check for leaks.	Check trailer breakaway and mast system.
Test coolant and change water filters if required.	
Check battery electrolyte level, terminals and security.	Fault #/s Rectified (if Applicable)
Check clutch linkage, clutch brake operation and adjustment.	
Check front steering hub oil level.	

☐ **C SERVICE CHECKLIST Including items from Checklist A and B**

☐ **TRUCK (Approx 200,000kms or annually)**

All components of "X" and "B" Services.	Change PTO Hydraulic filters.
Change power steering oil and filter.	Service air dryers where applicable.
Change transmission oil and filter (300,000km for Synthetic Oil).	Re-torque all "U" bolts and cross members.
Change differential oil and filter.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	
Check clutch linkage, clutch brake operation and adjustment.	

The person completing the service is to print their name and sign.

Day: Monday Date: 06/05/2024

Vehicle/Trailer: Drake Quad Low Loader	Rego: 044-UBG	MCK Unit No. N/A	Klms: N/A	Hours: N/A
--	---------------	------------------	-----------	------------

☐ A SERVICE CHECKLIST

☒ TRUCK (Approx 10,000km - 12,000km)

Check Fault Repair Log and carry out necessary repairs.	Check brake system for leaks (service and max).
Grease all lubrication points.	Drain condensation from air tanks.
Lift cab/bonnet, grease pivots, check condition and tension of belts.	Check steering joints and linkages.
Check power steering for fluid levels and leaks.	Inspect for any obvious faults in suspension, structure or bodywork.
Check/top up engine oil and coolant level.	Visual check of airbag suspension where fitted.
Check transmission and differential for fluid levels and leaks.	Inspect wheel nuts and wheels for security, tyres for tread and inflation.
Check driveline and universal joints.	Check number plates, all labels for due date condition and security.
Check all lights and reflectors.	Check for visible exhaust emissions and lack of engine power.
Check horn, instruments, gauges, wipers and washers.	Fault #/s Rectified (If Applicable)
Check battery terminals and security.	
Inspect brake lining wear/travel and adjust if required.	

☒ TRAILER (Approx 6 monthly/annually)

Grease all lubrication points.	Inspect for any obvious faults in suspension, structure or bodywork.
Inspect brake lining wear/travel and adjust if required.	Visual check of airbag suspension where fitted.
Check all lights and reflectors.	Check number plate, and all labels due date, condition and security.
Check condition of air lines and electrical cable.	Re-torque all "u" bolts and cross members.
Inspect wheel nuts and wheels for security, tyres for tread and inflation.	Fault #/s Rectified (If Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	

Notes:

☐ B SERVICE CHECKLIST Including items from Checklist A

☒ TRUCK (Approx 20,000km)

All components of "A" Service.	Check wear/movement in pitman arm, drag arm, tie rods and spring shackles.
Change engine oil and filters.	Replace or clean air cleaner as required.
Change fuel filters and bleed and check for leaks.	Check trailer breakaway and mast system.
Test coolant and change water filters if required.	
Check battery electrolyte level, terminals and security.	Fault #/s Rectified (If Applicable)
Check clutch linkage, clutch brake operation and adjustment.	
Check front steering hub oil level.	

☐ C SERVICE CHECKLIST Including items from Checklist A and B

☒ TRUCK (Approx 200,000kms or annually)

All components of "A" and "B" Services.	Change PTO Hydraulic filters.
Change power steering oil and filter.	Service air dryers where applicable.
Change transmission oil and filter (300,000km for Synthetic Oil).	Re-torque all "u" bolts and cross members.
Change differential oil and filter.	Fault #/s Rectified (If Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	
Check clutch linkage, clutch brake operation and adjustment.	

The person completing the service is to print their name and sign.

SERVICE REPORT No. S 3128

Day: Friday Date: 11/11/2022

Vehicle/Trailer: Drake Quad Low Loader	Rego: 044-UBG	MCK Unit No. N/A	Klms: N/A	Hours: N/A
--	---------------	------------------	-----------	------------

☐ **A SERVICE CHECKLIST**

☒ **TRUCK (Approx 10,000km - 12,000km)**

Check Fault Repair Log and carry out necessary repairs.	Check brake system for leaks (service and main).
Grease all lubrication points.	Drain condensation from air tanks.
Lift cab/donnet, grease pivots, check condition and tension of belts.	Check steering joints and linkages.
Check power steering for fluid levels and leaks.	Inspect for any obvious faults in suspension, structure or bodywork.
Check/top up engine oil and coolant level.	Visual check of airbag suspension where fitted.
Check transmission and differential for fluid levels and leaks.	Inspect wheel nuts and wheels for security, tyres for tread and inflation.
Check drivelines and universal joints.	Check number plates, all labels for due date condition and security.
Check all lights and reflectors.	Check for visible exhaust emissions and lack of engine power.
Check horn, instruments, gauges, wipers and washers.	Fault #/s Rectified (if Applicable)
Check battery terminals and security.	
Inspect brake lining wear/travel and adjust if required.	

☒ **TRAILER (Approx 6 monthly/annually)**

Grease all lubrication points.	Inspect for any obvious faults in suspension, structure or bodywork.
Inspect brake lining wear/travel and adjust if required.	Visual check of airbag suspension where fitted.
Check all lights and reflectors.	Check number plate, and all labels due date, condition and security.
Check condition of air lines and electrical cable.	Re-torque all "U" bolts and cross members.
Inspect wheel nuts and wheels for security, tyres for tread and inflation.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	

Notes:

☐ **B SERVICE CHECKLIST Including Items from Checklist A**

☒ **TRUCK (Approx 20,000km)**

All components of "A" Service.	Check wear/movement in pitman arm, drag arm, tie rods and spring shackles.
Change engine oil and filters.	Replace or clean air cleaner as required.
Change fuel filters and bleed and check for leaks.	Check trailer breakaway and mast system.
Test coolant and change water filters if required.	
Check battery electrolyte level, terminals and security.	Fault #/s Rectified (if Applicable)
Check clutch linkages, clutch brake operation and adjustment.	
Check front steering hub oil level.	

☐ **C SERVICE CHECKLIST Including Items from Checklist A and B**

☒ **TRUCK (Approx 200,000kms or annually)**

All components of "A" and "B" Services.	Change PTO Hydraulic filters.
Change power steering oil and filter.	Service air dryers where applicable.
Change transmission oil and filter (also applicable for Synthetic Oil).	Re-torque all "U" bolts and cross members.
Change differential oil and filter.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	
Check clutch linkage, clutch brake operation and adjustment.	

The person completing the service is to print their name and sign.

☒ **TRUCK (Approx 10,000km - 12,000km)**

Check Fault Repair Log and carry out necessary repairs.	Check brake system for leaks (service and maxi).
Grease all lubrication points.	Drain condensation from air tanks.
Lift cab/bornet, grease pivots, check condition and tension of belts.	Check steering joints and linkages.
Check power steering for fluid levels and leaks.	Inspect for any obvious faults in suspension, structure of bodywork.
Check/top up engine oil and coolant level.	Visual check of airbag suspension where fitted.
Check transmission and differential for fluid levels and leaks.	Inspect wheel nuts and wheels for security, tyres for tread and inflation.
Check driveline and universal joints.	Check number plates, all labels for due date condition and security.
Check all lights and reflectors.	Check for visible exhaust emissions and lack of engine power.
Check horn, instruments, gauges, wipers and washers.	Fault #/s Rectified (if Applicable)
Check battery terminals and security.	
Inspect brake lining wear/travel and adjust if required.	

☐ **TRAILER (Approx 6 monthly/annually)**

Grease all lubrication points.	Inspect for any obvious faults in suspension, structure or bodywork.
Inspect brake lining wear/travel and adjust if required.	Visual check of airbag suspension where fitted.
Check all lights and reflectors.	Check number plate, and all labels due date, condition and security.
Check condition of air lines and electrical cable.	Re-torque all "U" bolts and cross members.
Inspect wheel nuts and wheels for security, tyres for tread and inflation.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	

☐ **B SERVICE CHECKLIST Including items from Checklist A**

☒ **TRUCK (Approx 20,000km)**

All components of "X" Service.	Check wear/movement in pinion arm, drag arm, tie rods and spring shackles.
Change engine oil and filter.	Replace or clean air cleaner as required.
Change fuel filters and bleed and check for leaks.	Check trailer breakaway and maxi system.
Test coolant and change water filters if required.	
Check battery electrolyte level, terminals and security.	Fault #/s Rectified (if Applicable)
Check clutch linkage, clutch brake operation and adjustment.	
Check front steering hub oil level.	

☐ **C SERVICE CHECKLIST Including items from Checklist A and B**

☐ **TRUCK (Approx 200,000kms or annually)**

All components of "X" and "B" Services.	Change PTO Hydraulic filters.
Change power steering oil and filter.	Service air dryers where applicable.
Change transmission oil and filter (300,000km for Synthetic Oil).	Re-torque all "U" bolts and cross members.
Change differential oil and filter.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	
Check clutch linkage, clutch brake operation and adjustment.	

Notes:

Clean & repack all wheel bearings, fit new hub seals, Replace brake linings on all axles, replace brake drums on 3rd & 4th axles. Adjust all brakes.

The person completing the service is to print their name and sign.

☐ A SERVICE CHECKLIST

☐ TRUCK (Approx 10,000km - 12,000km)

Check Fault Repair Log and carry out necessary repairs.	Check brake system for leaks (service and max).
Grease all lubrication points.	Drain condensation from air tanks.
Lift cab/hopper, grease pivots, check condition and tension of belts.	Check steering joints and linkages.
Check power steering for fluid levels and leaks.	Inspect for any obvious faults in suspension, structure or bodywork.
Checktop up engine oil and coolant level.	Visual check of airbag suspension where fitted.
Check transmission and differential for fluid levels and leaks.	Inspect wheel nuts and wheels for security.
Check driveline and universal joints.	Check for tread and inflation.
Check all lights and reflectors.	Check number plates, all labels for due date condition and security.
Check horn, instruments, gauges, wipers and washers.	Check for visible exhaust emissions and lack of engine power.
Check battery terminals and security.	Fault #/s Rectified (if Applicable)
Inspect brake lining wear/travel and adjust if required.	

☒ TRAILER (Approx 6 monthly/annually)

Grease all lubrication points.	Inspect for any obvious faults in suspension, structure or bodywork.	✓
Inspect brake lining wear/travel and adjust if required.	Visual check of airbag suspension where fitted.	✓
Check all lights and reflectors.	Check number plate, and all labels due date, condition and security.	✓
Check condition of air lines and electrical cable.	Re-torque all "U" bolts and cross members.	✓
Inspect wheel nuts and wheels for security.	Fault #/s Rectified (if Applicable)	✓
Change oil in oil filled wheel bearings and check other wheel bearings.		✓

Notes:

☐ B SERVICE CHECKLIST Including Items from Checklist A

☐ TRUCK (Approx 20,000km)

All components of "A" Service.	Check wear/movement in piston arm, drag arm, tie rods and spring shackles.
Change engine oil and filters.	Replace or clean air cleaner as required.
Change fuel filters and bleed and check for leaks.	Check trailer breakaway and maxi system.
Test coolant and change water filter if required.	
Check battery electrolyte level, terminals and security.	Fault #/s Rectified (if Applicable)
Check clutch linkage, clutch brake operation and adjustment.	
Check front steering hub oil level.	

☐ C SERVICE CHECKLIST Including Items from Checklist A and B

☐ TRUCK (Approx 200,000kms or annually)

All components of "A" and "B" Services.	Change PTO Hydraulic filters.
Change power steering oil and filter.	Service air dryers where applicable.
Change transmission oil and filter (only apply for synthetic oil).	Re-torque all "U" bolts and cross members.
Change differential oil and filter.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	
Check clutch linkage, clutch brake operation and adjustment.

SERVICE REPORT No. S 3021
Day: Monday Date: 09/11/2020

MCKENNA GROUP
PTY LTD

Vehicle/Trailer: Drake Quad Feet	Reg: 044UBG	MCK Unit No.	Kms: -	Hours: -
----------------------------------	-------------	--------------	--------	----------

☐ **A SERVICE CHECKLIST**

☒ **TRUCK (Approx 10,000km - 12,000km)**

Check Fault Repair Log and carry out necessary repairs.	Check brake system for leaks (service and max).
Grease all lubrication points.	Drain condensation from air tanks.
Lift cab/bumper, grease pivots, check condition and tension of bolts.	Check steering joints and linkages.
Check power steering for fluid levels and leaks.	Inspect for any obvious faults in suspension, structure or bodywork.
Check/top up engine oil and coolant level.	Visual check of airbag suspension where fitted.
Check transmission and differential for fluid levels and leaks.	Inspect wheel nuts and wheels for security, tyres for tread and inflation.
Check driveline and universal joints.	Check number plates, all labels for due date condition and security.
Check all lights and reflectors.	Check for visible exhaust emissions and lack of engine power.
Check horn, instruments, gauges, wipers and washers.	Fault #/s Rectified (if Applicable)
Check battery terminals and security.	
Inspect brake lining wear/thickness and adjust if required.	

☒ **TRAILER (Approx 6 monthly/annually)**

Grease all lubrication points.	Inspect for any obvious faults in suspension, structure or bodywork.	✓
Inspect brake lining wear/thickness and adjust if required.	Visual check of airbag suspension where fitted.	✓
Check all lights and reflectors.	Check number plates, and all labels due date, condition and security.	✓
Check condition of air lines and electrical cable.	Re-torque all "U" bolts and cross members.	✓
Inspect wheel nuts and wheels for security, tyres for tread and inflation.	Fault #/s Rectified (if Applicable)	
Change oil in oil filled wheel bearings and check other wheel bearings.	NIL	

Notes:

☐ **B SERVICE CHECKLIST Including items from Checklist A**

☒ **TRUCK (Approx 20,000km)**

All components of "A" service.	Check wear/movement in pinion arm, drag arm, tie rods and spring shackles.
Change engine oil and filters.	Replace or clean air cleaner as required.
Change fuel filters and bleed and check for leaks.	Check trailer breakaway and mast system.
Test coolant and change water filters if required.	
Check battery electrolyte level, terminals and security.	Fault #/s Rectified (if Applicable)
Check clutch linkage, clutch brake operation and adjustment.	
Check front steering hub oil level.	

☐ **C SERVICE CHECKLIST Including items from Checklist A and B**

☐ **TRUCK (Approx 200,000kms or annually)**

All components of "A" and "B" service.	Change PTO Hydraulic filters.
Change power steering oil and filter.	Service air dryers where applicable.
Change transmission oil and filter (300,000kms for Synthetic Oil).	Re-torque all "U" bolts and cross members.
Change differential oil and filter.	Fault #/s Rectified (if Applicable)
Change oil in oil filled wheel bearings and check other wheel bearings.	
Check clutch linkage, clutch brake operation and adjustment.	

The person completing the service is to print their name and sign.

Day: Thursday Date: 9/5/19

MCKENNA GROUP
PTY LTD

Vehicle/Trailer: Drake Quad Float Rego: 0444366 MCK Unit No. --- Kms: --- Hours: ---

☐ A SERVICE CHECKLIST

☐ TRUCK (Approx 10,000km)

Check Fault Repair Log and carry out necessary repairs.		Check brake system for leaks (service and max).	
Grease all lubrication points.		Drain condensation from air tanks.	
Lift cab/bonnet, grease pivots, check condition and tension of belts.		Check steering joints and linkages.	
Check power steering for fluid levels and leaks.		Inspect for any obvious faults in suspension, structure or bodywork.	
Check/top up engine oil and coolant level.		Visual check of airbag suspension where fitted.	
Check transmission and differential for fluid levels and leaks.		Inspect wheel nuts and wheels for security, tyres for tread and inflation.	
Check driveline and universal joints.		Check number plates, all labels for due date condition and security.	
Check all lights and reflectors.		Check for visible exhaust emissions and lack of engine power.	
Check horn, instruments, gauges, wipers and washers.		Fault #/s Rectified (if Applicable)	
Check battery terminals and security.			
Inspect brake lining wear/travel and adjust if required.			

☒ TRAILER (Approx 6 monthly/annually)

Grease all lubrication points.	☒	Inspect for any obvious faults in suspension, structure or bodywork.	☒
Inspect brake lining wear/travel and adjust if required.	☒	Visual check of airbag suspension where fitted.	☒
Check all lights and reflectors.	☒	Check number plate, and all labels due date, condition and security.	☒
Check condition of air lines and electrical cable.	☒	Re-torque all "U" bolts and cross members.	☒
Inspect wheel nuts and wheels for security, tyres for tread and inflation.	☒	Fault #/s Rectified (if Applicable)	
Change oil in oil filled wheel bearings and check other wheel bearings.	☒		

Notes:

☐ B SERVICE CHECKLIST Including items from Checklist A

☐ TRUCK (Approx 20,000km)

All components of "A" Service.		Check wear/movement in pitman arm, drag arm, tie rods and spring shackles.	
Change engine oil and filters.		Replace or clean air cleaner as required.	
Change fuel filters and bleed and check for leaks.		Check trailer breakaway and maxi system.	
Test coolant and change water filters if required.			
Check battery electrolyte level, terminals and security.		Fault #/s Rectified (if Applicable)	
Check clutch linkage, clutch brake operation and adjustment.			
Check front steering hub oil level.			

☐ C SERVICE CHECKLIST Including items from Checklist A and B

☐ TRUCK (Approx 200,000kms or annually)

All components of "A" and "B" Services.		Change PTO Hydraulic filters.	
Change power steering oil and filter.		Service air dryers where applicable.	
Change transmission oil and filter (300,000km for Synthetic Oil).		Re-torque all "U" bolts and cross members.	
Change differential oil and filter.		Fault #/s Rectified (if Applicable)	
Change oil in oil filled wheel bearings and check other wheel bearings.			
Check clutch linkage, clutch brake operation and adjustment.			

The person completing the service is to print their name and sign.

☐ A SERVICE CHECKLIST

Due: Weekly or 5,000 to 8,000kms

	✓	NOTES	✓
Check Fault Repair Log and carry out necessary repairs.		Inspect brake lining wear/travel and adjust if required.	
Grease all lubrication points.		Check brake system for leaks (service and maxi).	
Lift cab/bonnet, grease pivots, check condition and tension of belts.		Drain condensation from air tanks.	
Check power steering for fluid levels and leaks.		Check steering joints and linkages.	
Check/top up engine oil and coolant level.		Inspect for any obvious faults in suspension, structure or bodywork.	
Check transmission and differential for fluid levels and leaks.		Visual check of airbag suspension where fitted.	
Check driveline and universal joints.		Inspect wheel nuts and wheels for security, tyres for tread and inflation.	
Check all lights and reflectors.		Check number plates, all labels for due date condition and security.	
Check horn, instruments, gauges, wipers and washers.		Check for visible exhaust emissions and lack of engine power.	
Check battery terminals and security.		Note numbers of fault repairs rectified -	

TRAILER

	✓	NOTES	✓
Grease all lubrication points		Inspect for any obvious faults in suspension, structure or bodywork.	
Inspect brake lining wear/travel and adjust if required.		Visual check of airbag suspension where fitted.	
Check all lights and reflectors		Check number plate, and all labels due date, condition and security	
Check condition of air lines and electrical cable			
Inspect wheel nuts and wheels for security, tyres for tread and inflation		Note numbers of fault repairs rectified - <u>32139, 32150</u>	

☐ B SERVICE CHECKLIST Including items from Checklist A

TRUCK & TRAILER (Approx 20,000km)

		NOTES	
All components of "A" Service.		Check front steering hub oil level	
Change engine oil and filters.		Check wear/movement in pitman arm, drag arm, tie rods and spring shackles.	
Change fuel filters and bleed and check for leaks.		Replace or clean air cleaner as required.	
Test coolant and change water filters if required		Check trailer breakaway and maxi system	
Check battery electrolyte level, terminals and security		Note numbers of fault repairs rectified -	
Check clutch linkage, clutch brake operation and adjustment			

☐ C SERVICE CHECKLIST Including items from Checklist A and B

TRUCK & TRAILER (Approx 200,000kms or annually)

		NOTES
